

November 2015

Dear Student,

Welcome to the Celebration of Learning in Grades 4 & 5! You will be your parent's or your guest's tour guide for the next half hour. First, please have your parent or guest sign-in the visitor's form and sign the Progress Report Card. Then, ask your parent or guest to have his or her cell phone on silent mode while in the room.

Here are some things in our classroom that you should explain to your parent/s or guest:

Language Arts and Social Studies:

- Fluency & Comprehension Practice Center (DIBELS & TRC)
- Personal Learning Portfolio (My Scores and My Goals)

Mathematics & Science:

- Word Problem Center
- Speed Multiplication Center

Others:

- Art
- Health
- Anything else we do in class that's important to you ☺

Thank you for coming to our Celebration of Learning!

Your Teachers,

Ms. Habunal and Mr. Frandell

P. S. Don't forget to have your parents write a comment at the back of this paper for each subject. Bring it back to earn \$100 of classroom money. →

Student's Name _____
